

We are an independent family business. Our business rates will be crippling if set on the same bases pre-covid. With a RV £255,000 rate payable of £130,560, in addition, because we are in a BID area, we pay another £3,672 annually. As we pay for our refuse collection and security, it begs the question what we get in return. Plus, our SKY & BT Sports billing are based on the RV Value.
