

PACO COLLECTION

"HEATING UNITS"

PACO is a really unique, handy bathroom unit. The vertical elements create a frame and provide heat, while the horizontal elements

heat up through conduction: the perfect rack (when switched on) that keeps things warm: slippers, shower shoes, hand towels, bath towels...

design Piercarlo Luiselli, Luigi Brembilla
What's more, when the heating is switched off, PACO is an elegant rack for the bathroom, where extra storage space is always useful.

DIMENSIONS

Width: 32 / 56 / 80 cm
Height: 80 / 128 / 180 cm
Depth: 24 - 32 cm
Depth from wall: 28 - 36 cm
