## LEATHER CARE KIT

Specially designed to clean and protect your leather furniture.

### CONTENTS

- 500 ml **Leather Strong Cleaner**
- 500 ml **Leather Protection Cream**
- 8 ml **Ink Away**
- 1 Sponge
- 2 Soft cloths
- 1 Brochure

### LEATHER STRONG CLEANER

**Leather Strong Cleaner** is a mild, water-based cleaner that can be used on a most aniline and pigmented leathers. It contains a highly effective detergent for stubborn dirt and the sort of colour stains left by denim for example. The product penetrates into the surface to clean without harming your leather. Its action is very intensive thanks to the great concentration of active substances.

Do not use the product on nubuck or suede.

### LEATHER PROTECTION CREAM

**Leather Protection Cream** is a water-based protector for all leather types, except nubuck and suede leather. It provides excellent protection against oil, water and alcohol based stains as well as helping to resist the effects of every day soiling. At the same time it keeps your leather nice and soft.

**Leather Protection Cream** will also work to remove small surface scratches on Aniline leathers. It will also prevent your Pigmented leather from cracking, when proper cleaning is undertaken.

### INK AWAY

Eliminates stains and pen marks, ink and lipstick from smooth leather.  
Do not use on nubuck or suede.

**BOAT MASTER** is a new range of kits and products for the cleaning, treatment and maintenance of all furniture used on boats, specially formulated by the **Research Centre of Uniers S.p.A.**

## SKY CARE KIT

Specially designed to clean and protect Leatherette upholstery.

### CONTENTS

- 500 ml Sky Cleaner
- 500 ml Sky Maintenance Cream
- 1 Sponge
- 2 Soft cloths
- 1 Brochure

### SKY CLEANER

**Sky Cleaner** is a highly effective detergent which is specially formulated for cleaning your Leatherette upholstery. It removes all common dirt, stains and mildew. Not suitable for leather or nubuck.

### SKY MAINTENANCE CREAM

**Sky Maintenance Cream** is a water-based product specially formulated to protect and revive your Leatherette upholstery. Not suitable for leather or nubuck. **Sky Maintenance Cream** ensures excellent protection against water and oil-based stains and helps your Leatherette upholstery resist dirt, weathering and daily use.

## CLEANING AND PROTECTION TREATMENT FOR LEATHERETTE UPHOLSTERY

Stage **1** - *Cleaning*: **Sky Cleaner** application.

Here are the results attained after the application of a specific product.

After **Sky Cleaner** application.

Stage **2** - *Protection*: **Sky Maintenance Cream** application.

After **Sky Maintenance Cream** application.

The **BOAT MASTER** range includes special products for cleaning and protecting leather, leatherette, fabric, microfibre textiles, teak, fibre-glass, metal (steel, brass and aluminium), glass and PVC.

**BOAT MASTER** products have been researched and developed by **Dr. Tork** and are formulated according to the latest principles. Though technically advanced, these water-based products are all simple to use.

## TEXTILE CARE KIT

Specially designed to clean and protect your textile furniture.

### CONTENTS

- 500 ml **Textile Cleaner**
- 500 ml **Textile Stain Cleaner**
- 500 ml **Textile Protector**
- 1 Bath glove
- 3 Spray nozzles
- 1 Brochure

### TEXTILE CLEANER

**Textile Cleaner** removes water-based stains and common dirt from boat furnishings, carpets and microfibre textiles. Use it with a bath glove. Do not use **Textile Cleaner** on silk, vinyl or leather.

### TEXTILE STAIN CLEANER

**Textile Stain Cleaner** is an effective, concentrated, synthetic fibre and microfibre cleaner which also removes nearly all stains (food, drink, ink stains, etc.) from textiles, coated microfibres and carpets. It is ideal for removing stubborn stains and dirt, while respecting the textile's feel and natural beauty. Use it with a bath glove. Do not use **Textile Stain Cleaner** on silk, vinyl or leather.

### TEXTILE PROTECTOR

**Textile Protector** is an extremely effective product for most types of textile and microfibre upholstery. It protects upholstery against accidental food and drink stains. Also **Textile Protector** is a specifically formulated product for protecting cloth awnings and covers, and guarantees effective protection against the damage caused by salt. Do not use **Textile Protector** on silk, vinyl or leather.

TEXTILE

You can use **BOAT MASTER** products to clean and protect all parts and fittings on your boat, keeping your teak decks, leatherette, leather and fabric seats, cloth awnings,

fibre-glass hulls and metal fittings new looking for years to come.

## TEAK CARE KIT

Specially designed to clean and protect your boat Teak surfaces.

### CONTENTS

500 ml	<b>Teak Cleaner</b>	1	Brush
500 ml	<b>Teak Brightener</b>	6	Soft cloths
500 ml	<b>Teak Oil</b>	1	Brochure
500 ml	<b>Teak Colour Oil</b>		
250 ml	<b>Fibre-glass Stain Cleaner</b>		

### TEAK CLEANER

**Teak Cleaner** is an extremely efficient cleaning product especially developed for cleaning your boat Teak surfaces. It cleans the teak surface perfectly and penetrates deeply, eliminating all stains left by food and drink as well as marks caused by atmospheric agents.

### TEAK BRIGHTENER

**Teak Brightener** is a product especially developed to brighten the colour of boat Teak surfaces. This product restores the original colour and prepares the teak for treatment using **Teak Oil**. Use **Teak Cleaner** before **Teak Brightener** application.

### TEAK OIL

**Teak Oil** is a protective oil especially developed for your boat Teak surfaces. It protects the teak surface from stains and prevents mould forming. It contains a very efficient UV filter against fading: the product penetrates into the wood forming a film that improves its resistance to water (and the side effects). This product is to be used after treatment with **Teak Brightener**.

### TEAK COLOUR OIL

**Teak Colour Oil** is a very efficient colouring oil especially developed for boat Teak surfaces. It contains transparent light resistant pigments and a very efficient UV filter to prevent fading. It protects the teak surface from stains and prevents mould forming. To see the final colour effect, always test the product on a small area previously. If the colour is too dark dilute **Teak Colour Oil** with **Teak Oil**. If the colour is too light apply **Teak Colour Oil** a second time. *Important: Leave to dry completely overnight between one application and another.*

### FIBRE-GLASS STAIN CLEANER

**Fibre-glass Stain Cleaner** is specifically for cleaning fibre-glass and should be used after completing the treatment on the teak. **Fibre-glass Stain Cleaner** removes stains and any traces of product remaining on the fibre-glass surface after applying the **Teak Oil** and **Teak Colour Oil**.

#### stage 1

After **Teak Cleaner** application.

#### stage 2

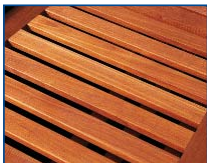

After **Teak Brightener** application.

#### stage 3

After **Teak Oil** application.

#### stage 4

After **Teak Colour Oil** application.

## CLEANING AND PROTECTION TREATMENT FOR BOAT TEAK SURFACES

Cleaning and protection treatments for boat Teak surfaces are composed of 4 stages (complementary to each other) that must be respected to guarantee maximum performance results from each product.

Stage **1** - *Cleaning*: **Teak Cleaner** application.

Stage **2** - *Colour brightening*: **Teak Brightener** application.

Stage **3** - *Protection*: **Teak Oil** application.

Stage **4** - *Colouring*: **Teak Colour Oil** application.

Here are the results attained in each treatment stage after the application of a specific product.

## INDIVIDUAL PRODUCTS

### FIBRE-GLASS WAX

This polishing wax restores the shine to fibre-glass hulls. It also protects fibre-glass surfaces against damage by salt.

### METALS CLEANER

This innovative product effectively cleans and polishes brass, steel, and aluminium equipment and fittings and all other metal parts of your boat.

### POLY CLEANER

This is a concentrated detergent particularly for general on-board cleaning. It is suitable for glass, steel, teak, PVC and for sanitary installations. Do not use on leather, nubuck or suede.

### WC CLEANER

This product is specifically formulated for cleaning and disinfecting the WC.
