

SO-FLEX

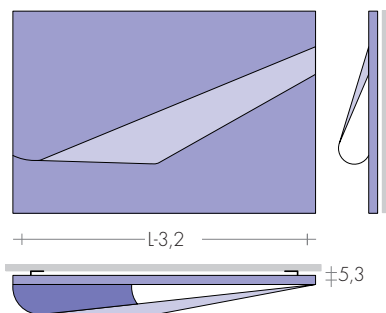

A radiator with an eye-catching shape that's also functional? SO-FLEX!
A radiator that's a designer's dream. You

can use the pocket for dried flowers: a truly unique decorative effect for heating elements.

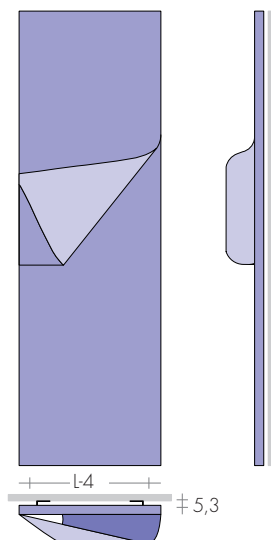

design Gabriella Almagioni
SO-FLEX: a useful rectangle with an active additional upturned edge.

SO-FLEX HEATED TOWEL RAILS

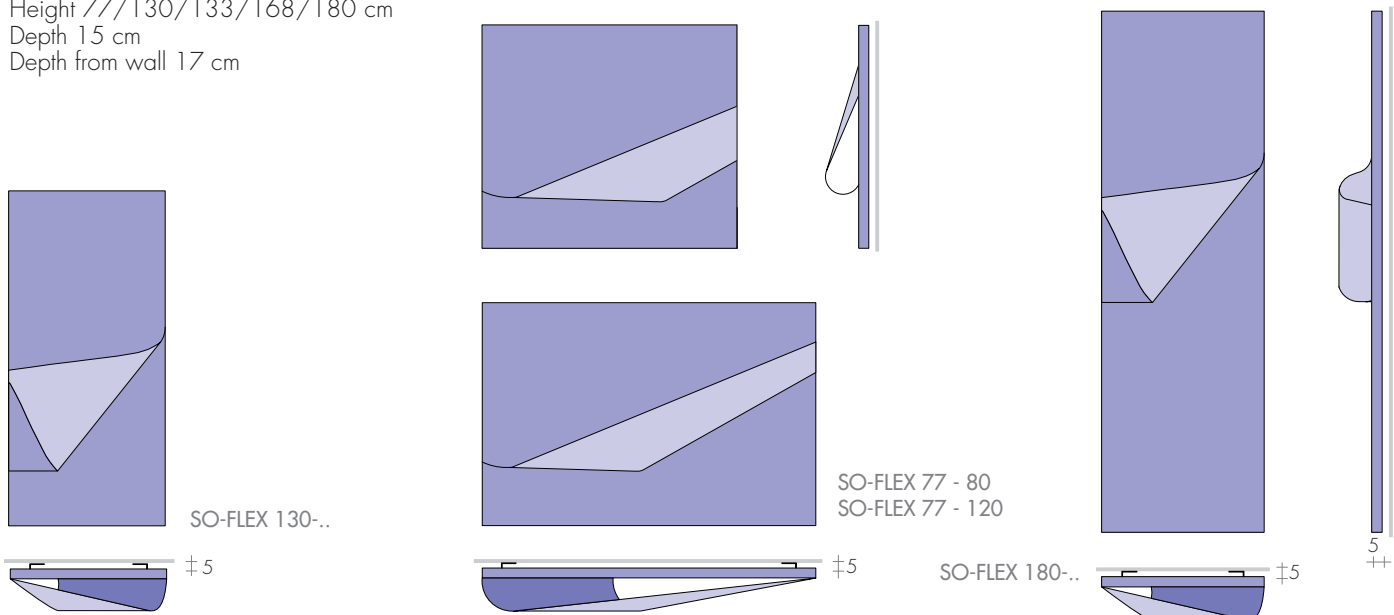

SO-FLEX goes beyond the basic idea of a towel heater (order and folding) and introduces a new concept: practical disorder,

careless gestures and the fun of not having to fold everything, but simply chuck a used towel into a warm shell.

design Gabriella Almagioni
Like the folded-back corner of a sheet of metal, SO-FLEX invents a truly creative function: a great way to be different.
