## 5 questions to: Florian Latorre

6/23/2018, 2:00 PM - 5 questions an is a new series on racecam.de. In short and crisp questions, the drivers are asked five questions on different topics that are not always related to motorsports. This time we talked to Florian Latorre, who this year competes in the rookie classification for the team Martinet by ALMERAS.

### What was your best experience in motorsports?

I think that was last years race in Le Mans, were I competed in the Porsche support race and which was really a great experience. Everything is different there. The Circuit is quite long and we also were away on the parts with the normal streets, which belong to the 24 hours race. Also the starting grid with more than 60 vehicles was enormous.

### What was your bitterest lesson?

Unfortunately it was Le Mans as well. I was able to qualify on pole position for the race, however, after the start I only got until the second corner. Someone touched me at the Dunlop curve of the circuit and caused me a puncture. I was able to get back to the pits, but the race was over.

### How do you keep fit between the races?

We have a big sports centre in Bordeaux, where you can do almost any kind of sport like handball, football, basketball. There is also a medical support on this site. I'm there almost every day.

You go through your first season in the Porsche Mobil 1 Supercup. Why did you

### choose this series?

The level is definitely the highest of all make cups. In the last season of the Porsche Carrera Cup France we showed that we can battle at the top, and that's what I'd like to manage in the Supercup as well. I really want to compete with the best drivers here.

### What is your goal in the first year of the Supercup?

I definitely want to battle for the rookie championship. But I don't want to be under pressure to much, I want to make my experience. - sn
