

# EYE

design Pietro Facheris

The EYE heated towel rail is made from two curved radiators to obtain a particularly original shape. It is furnished with two

supports and can be completed with two pommel hooks for hanging bathrobes on. This particular shape can be installed not

only in bathrooms but also in other home environments where the depth of the Eye towel rail is not a problem.

## DIMENSIONS

Width 22 cm  
 Height 178 cm  
 Depth 16 / 20 / 24 cm
